MACS

Time and Attendance

Powered by Legiant

MACS Time and Attendance delivers a blend of next generation technology with industry leading functionality.

Professional Services

Time and Attendance is more than just software and hardware. The real value lies in the vendor's ability to tailor the system to your specific organization's needs, and accomplish the specific implementation quickly and efficiently.

The MACS Professional Services team will help configure your system parameters, assist in the software installation, manage your integration, and provide training. MACS has made it a priority to invest in our people, process and tools to provide superior value.

Workflow Process

Benefits

MACS Time and Attendance was built for more than just collecting, Processing and integrating payroll-related data; it was built to provide complete real-time visibility of your entire workforce.
